Subject: Planning Applications: 19/10636/FUL and 19/11025/LBC - 116, High Street, Marlborough. SN8 1LZ.

Dear Sirs, `

I wish to object in the strongest possible terms to the two planning applications to convert 116, High Street in Marlborough to a dentist.

This centrally located property is an ancient coaching inn and has been a food and drink establishment since it was first built in 1456. It is essential that if the High Street is to retain its vibrancy, particularly in these difficult times, that centrally located premises such as these are reserved for food and drink outlets, or retail. I believe that this is outlined in the Town Council's Strategy Plan and to put a dental surgery in the middle of the High Street sets a very dangerous precedent.

I hope that you will give careful consider these points when making your decision

Yours sincerely,

Ian Philpott,
7, Aubrey Close, Marlborough, Wiltshire. SN8 1TS.
