Comments:	<p>This proposed development is certainly not in keeping with other local businesses and would destroy a really rather beautiful valley. i have used the foot paths on this land and would be very disappointed to see them go.</p> <p>I do not believe that the all ready busy M4 junction could cope with increase in traffic and I am frankly worried about the pollution and noise such a site would bring to the area.</p> <p>All in all I do not see this proposed development fitting for the Market town of Chippenham.</p>
