Comments:	<p>I am writing to OBJECT to this development.</p> <p>My reasons for Objecting to the proposed development are:</p> <ul style="list-style-type: none"> <li>• It is outside the Wiltshire Core Strategy, is on greenfield land not designated as Employment Land or Additional Employment Land and does not meet the criteria set out in Core Policy 34 (Additional Employment Land)</li> <li>• The proposed development is outside the core strategy. Land at Junction 17 has not been designated Employment Land or Additional Employment Land. Chippenham Gateway does not meet the requirements of Core Policy 34 for Additional Employment Land because: <ul style="list-style-type: none"> <li>• It is not essential to the wider strategic interest of the economic development of Wiltshire, does not meet sustainable economic development objectives and is not consistent in scale with its location</li> <li>• As a commuter travelling daily from Chippenham to Cirencester at rush hour, I already find there are long queues at the motorway roundabout, whether approaching from Chippenham via the dual carriageway or the B4122. The upgrading of the A350 at the former bottleneck at Chippenham Services has simply pushed congestion further up the road to Junction 17, and it still takes as long to get 3 miles from the centre of Chippenham to the motorway as it does from there to Cirencester. This new development will only serve to worsen the traffic build up on an already overloaded roundabout.</li> </ul> </li> </ul>
