Comments:	<p>I object to the proposed development on M4 Junction 17 for the following reasons</p> <ol style="list-style-type: none"> 1.The development will cause an increase in traffic at both the motorway junction which is already notoriously busy at peak times and also surrounding villages. This will cause great danger to walkers, cyclists, horse riders and school children. 2.There has been no correspondence alerting villagers to the proposed plans. 3.I don't believe that the plans for the Chippenham Gateway will bring any economic benefit to an area of high employment. It is likely that many employees will commute from other areas. 4.Light and noise pollution 5.There are many environmental matters such as flood risk and wildlife 6.The sheer size of the proposed plan does not give a good first impression of the Historic Market town
