**Subject:** 16/07288/OUT Outline planning application (all matters reserved except means of access) for residential development, including the construction of up to 71 dwellings

For the attention of Alex Smith,

**16/07288/OUT Outline planning application (all matters reserved except means of access) for residential development, including the construction of up to 71 dwellings, the creation of new vehicular access with footways and cycleways and ancillary road infrastructure, public open spaces, children's play area, landscape planting, surface water attenuation and associated infrastructure.**

Please find Natural England's response in relation to the above mentioned consultation attached.

We welcome your feedback on Natural England's revised standing advice. Please provide comments and suggested improvements regarding usability, quality of content and its clarity and effectiveness as a tool in guiding decision-making using the text box on the attached customer feedback form. Alternatively email your feedback directly to [consultations@naturalengland.org.uk](mailto:consultations@naturalengland.org.uk).

Kind regards,

Laura Matthey

**We are here to secure a healthy natural environment for people to enjoy, where wildlife is protected and England's traditional landscapes are safeguarded for future generations.**

**Natural England offers two chargeable services - the Discretionary Advice Service, which provides pre-application and post-consent advice on planning/licensing proposals to developers and consultants, and the Pre-submission Screening Service for European Protected Species mitigation licence applications. These services help applicants take appropriate account of environmental considerations at an early stage of project development, reduce uncertainty, the risk of delay and added cost at a later stage, whilst securing good results for the natural environment.**

For further information on the Discretionary Advice Service see [here](#)  
For further information on the Pre-submission Screening Service see [here](#)
