Dear Sirs

I wish to register my strong objection to the above application.

Our community has thankfully dedicated a great deal of time and effort creating a robust Neighbourhood Plan, that has been adopted by Wiltshire Council, and now forms an integral part of the planning process.

The Government fully support plan-led policy for future housing, and this application is not required in any shape or form.

In fact when you consider we as a town are already over subscribed for our housing needs to 2026, it is insulting that the applicant shows such little regard for the effort that went into creating the Malmesbury Neighbourhood Plan.

I am further concerned that the infrastructure of the town would not be able to cope, putting unacceptable demands on education, healthcare and of course highways.

The proposal conflicts with "our plan" which is already delivering growth and does not require developer-led interference.

Yours faithfully

Keith Maslin
