**PLANNING
SERVICES**

30 AUG 2016

Dear Mr Smith

Application Number 16/07288/OUT

I would like to object to this outline application.

The proposed development does not fit with the Malmesbury neighbourhood plan (MNP) and our town does not need any more development.

The demands of this site will unbalance the infrastructure of the town and place unacceptable demands on such areas highways, (the traffic craws along the B4014 at present in the mornings and the road cannot cope, let alone with another 100 plus cars from the proposed development). Education, (the primary school is currently full and Wiltshire council claim they cannot afford to build a new school on the land allocated at Filands South, nor will the council fund a full form entry at the current primary school).

This greenfield site is not included in the MNP plan, therefore conflicts the adopted plan.

Please can I be kept informed of this application via my address at the top of this letter.

Yours faithfully

Mrs E Panting.
