- Attached is enough to change recommendation from holding objection to support with conditions:

*Condition 1 - No development shall commence on site until a scheme for the discharge of foul water from the site has been submitted to and approved in writing by the Local Planning Authority.*

*REASON: To ensure that the development can be adequately drained*

*Condition 2 - The development shall not be first occupied until foul water drainage has been constructed in accordance with the approved scheme.*

*REASON: To ensure that the development can be adequately drained*

*Condition 3 - No development shall commence on site until a scheme for the discharge of surface water from the site (including surface water from the access / driveway), incorporating sustainable drainage details together with permeability test results to BRE365, has been submitted to and approved in writing by the Local Planning Authority.*

*REASON: To ensure that the development can be adequately drained*

*Condition 4 - The development shall not be first occupied until surface water drainage has been constructed in accordance with the approved scheme.*

Hi Peter,

Further to your holding objection dated 19<sup>th</sup> September I have received the attached drainage details. Please can you confirm if they are acceptable.

Many thanks

Richard
