Application No:	17/12426/FUL
Comments:	<p>This application was considered by the Broad Chalke Parish Council at its meeting on 14th February 2018. It was resolved to object to the application, but only in respect of one aspect of it, namely the proposal for additional parking on the North side of South Street. The Objections to this aspect of the application are (1) that there is poor visibility for vehicles exiting that parking area, thus causing danger to other road users, and (2) that turning this area into car parking amounts to urbanisation of rural land, especially where that land has iconic views down to the River Ebble.</p> <p>All other aspects of the application were approved by the Broad Chalke Parish Council</p>
