Dear Sir,

Application No. 17/12491/FUL  
Little Talboys & Church Farm, Main Street, Keewil.

I understand there has been a recent planning application by Church Farm for the building of 2 dwellings on the land between Little Talboys and Church Farm, Main Street, Keewil.

As a resident of Keewil for 43 years, I oppose this application since this development lies within the Conservation Area and one of the dominant characteristics of this area is the wide spaces between buildings and I believe that the erection of these dwellings would be unacceptable. The properties in this area has rare historic architectural features and would be ruined with new builds.

Yours sincerely,
