	<p>Dear Sirs</p> <p>I am writing in objection to the planning application for two properties in Main Street Keevil your reference 17/12491/FUL</p> <p>There are several grounds for objection</p> <ol style="list-style-type: none"> <li>1. The development will have a significant impact on the look and feel of Main Street, this part of which is within the conservation area of Keevil, building two large houses next to and opposite historic and listed buildings will ruin the appearance of this part of the village.</li> <li>2. There is already a serious parking problem in this area of Keevil due to the close proximity of the school, there are often problems with parking and or the road even blocked at times. Building two 4 bed properties will only create more problems in the area.</li> <li>3. The proposed development is much too large for the site, this is not Bristol, and if this kind of development is allowed to succeed then what will become of Wiltshire villages in the future.</li> <li>4. The proposed building design bears no respect in design or materials to other buildings or the local environment.</li> </ol>
