Dear Sirs,

**LISTED BUILDING APPLICATION FOR INTERNAL AND EXTERNAL ALTERATIONS
AT CHATTEN WICK FARM, KEEVIL BA14 6NH
PLANNING PORTAL REFERENCE PP-06741813**

I write further to my on-line submission of the above listed building application for the above site.

The necessary location plan and combined design and access and heritage statement in support of the application has been submitted via the Planning Portal. As this application is seeking retrospective consent for works already undertaken at the property we have not submitted drawings of the works. Instead photographic evidence of all of the alterations for which consent is sought has been submitted via the planning portal. These are considered sufficient to fully illustrate and explain the nature of the works. It is considered that the preparation of plans would be an unnecessary waste of time and money.

In order to complete the submission on the planning portal, it was necessary to input precise start and completion dates for the works. The exact dates are not known but full details of the timings of the works the subject of this application are included in the Heritage Statement.

I trust this information is sufficient for you to register the application and I look forward to confirmation of the registration of the application.

Do not hesitate to contact me if you have any queries concerning the application.

Yours sincerely

Richard Cosker Bsc (Hons) DipTP MRTPI
Director - RCC Town Planning Consultancy
