Application No	18/03275/FUL
Comments	<p>I do not have any objections to the proposed planning application. My only concern is that I have been told by a builder that the old roof, that is to be replaced, contains asbestos.</p> <p>I trust that if this is the case, that all precautions are used in the dismantling and disposed of the material in accordance with correct procedures.</p>
Name	Mr. Bob B Ayres
