Comments:	<p>There won't be capacity in the road, which already has an oversubscribed GP surgery on for the extra cars, there isn't enough parking for the patients at the Drs let alone for the residents of the new homes and also their visitors</p> <p>There is already housing being built on the road in the old mill site and on scrubland, there is more than enough brown land in the area that can be converted</p> <p>It's a habitat for a huge range of wildlife, including rare butterflies, bats, and many birds.</p>
