Application No	18/04656/FUL
Comments	<p>Sadly historically Trowbridge has lost heritage value due to land and business owners Not prizing or valuing land, historical buildings &amp; special places. Pillaged is a word I would use whilst recently studying Trowbridge history. It is no wonder that she (Trowbridge) is negatively compared To Neighbouring towns In a negative way. Her assets have been torn down stripped away and even shipped halfway across the world to USA (Root Mansion) I would ask Wiltshire Council if this is the trend it wishes to permit for I would ask Wiltshire Council if this is the trend it wishes to permit. Are you willing to prefer short-term commercial profits over long-term preservation and historical value?</p> <p>I myself would ask that the council revoke any application which further strips Trowbridge of her future history. On behalf of our children and children's children.</p>
