Subject: Planning no 18/04656

Dear sir, this is to lodge my objection to the large development, I fully appreciate the need to make money, which hopefully could be made by making apartments in the old school, building a new 4bed house on the corner, and reducing the no of houses. The impact on traffic in an already congested road, will be colossal, the safety issue of a doctors surgery/ nursery school, and a new 7 townhouse development cannot be ignored. The loss of such a natural habitat will be criminal. Hopefully this Trowbridge council will be seen as one who upholds the government concern to conserve green spaces, and doesn't get labelled as one who just sat back and let the developers dictate. Thankyou.  
C wells.
