Application No:	18/04656/FUL
Comments:	<p>My children attended Roundstone School (Courtfield House) and spent many happy hours in the orchard. It was lovingly maintained by Mr &amp; Mrs Pearce (principals) for many years. To think of destroying years of history which is attached to this orchard, is just criminal. It is a beautiful area that belongs to the house, and has done for many years. The history of the house will be lost if this orchard is destroyed. It is also a natural habitat for many wild species and yet again modern housing spoils areas like the orchard. It should be left well alone or the plans altered and designed in a way that the orchard can remain as it is.</p>
