Application No	18/04656/FUL
Comments	<p>I strongly OBJECT to this residential development.</p> <p>Trowbridge is the administrative centre for Wiltshire and should set an example in providing housing in a sensitive way.</p> <p>This site is next to the town park and must included in it with access for COMMUNITY AMENITY. Failure to do this will be contrary to Government policy.</p> <p>The council have other brown field sites in the town centre and periphery sites on the edge of town to provide housing.</p> <p>Traffic will be chaotic in Polebarn Rd with more houses. There is no solution either.</p> <p>No regard has been given to the importance to the rare habitat, Grade2 building, or archaeology of the site.</p> <p>The Council must adequately consult the Woodland Trust, Archaeology UK, English Heritage, DEFRA, Society for Ancient Buildings etc etc in the process.</p> <p>This application must be REJECTED</p>
