| Comments: | <p>Dear Mr Perks</p> <p>I am dismayed that this historic and environmentally sensitive Orchard site still appears to be at risk.</p> <p>The various Ecological surveys by the applicant are woefully inadequate - e.g. the many PRFs for Bats have not been identified as needing surveying.</p> <p>It is some comfort to see that there is so much opposition to this proposal from so many environmental community and historic protection groups and indeed from your own Ecologist.</p> <p>To level the gardens and orchard and replace them with new housing is entirely incompatible with the goals of sustainable development and would amount to cultural and environmental vandalism.</p> <p>I add my voice to the many residents and local people, and national organisation representatives and urge Wiltshire Council to reject this application</p> <p>Many thanks and Best wishes</p> <p>Lisa Otter-Barry</p> |
