| Application No: | 18/04678/FUL |
| Comments: | <p>Ladies and Gentlemen of the Planning Committee/Department,</p> <p>I have carefully read and considered the planning application for the Three Horseshoes in Burbage (18/04678/FUL)</p> <p>I wish to object to this for the following reasons:</p> <p>I never felt welcome and many regular customers were discouraged and even barred from using the pub by the last Landlord for reasons that astonished me.</p> <p>I used to visit the pub a lot. There used to be a thriving business with passing traffic and locals. For example, local shoots used to have breakfast and then lunch at the pub. This included the guns and beaters - quite a lot people. Under the last Landlord, this all stopped when they were told that they were not welcome anymore as it was too much work.</p> <p>This was also the case with the vintage car rallies and the Caravan Club, which now have to meet elsewhere. The Jazz bands, weddings and funeral receptions under canvas which happened with the previous Landlord also stopped. I do not know if this was a deliberate policy of the last Landlord but it certainly felt like it. They also let the maintenance of the place run down.</p> <p>Please reject this application and give us back our local Pub. I am sure it could, once again, be a thriving business at the heart of Burbage. Me and friends always went over the road for a pint or three. This all stopped with the Landlord. All it needs is a good Landlord that knows the business. We would flock back there in an instant. It was only an unviable business because of the last landlord.</p> |
