Comments	<p>I object to the village in which we have lived and raised a family for the past 23 years becoming fragmented by the loss of yet another pub.</p> <p>I am concerned that the decision to change the pub into a house has been made so swiftly without advertising the building as a pub for long enough and giving others the chance to come forward and rent/buy/run it. A big village like Burbage benefits from a pub and, if well run, it could be a profit making business.</p>
