Application No:	18/04678/FUL
Comments:	<p>Many residents of Burbage wish to see The Three Horseshoes reopen as a pub for local use and for the benefit of passing travellers on the nearby trunk road. Prior to June 2014 this was a thriving concern and it's decline since then appears to be due to lack of investment, lack of promotion and loss of the previous friendly atmosphere. Such matters could be reversed if a suitable new tenant is installed with appropriate catering experience. Since the previous landlord up until 2014 made a financially successful living from the pub for 20years there should be no reason why this should not still be the case. Burbage residents no longer have the opportunity to 'eat out' in the village since the White Hart does not sell food. The three Horseshoes also provided a popular venue for fund raising quiz evenings and musical events in an intimate atmosphere which many enjoyed.</p> <p>These are just a few of the reasons why I feel very strongly that the application should be rejected.</p>
