Subject: 18/04678/FUL Change of Use of the Three Horseshoes Inn, Burbage

Dear Sir,

I wish to protest to the change of use of the Three Horseshoes PUB in Stibb Green, Burbage. We do not have another proper working pub. The other is not open at lunch and not every day either.

We are a growing village (see new development in St. Dunstons Place) and in the heart of beautiful country.

We need a place to go for a meal and a drink and meet local people.

We need a place we can WALK to without use of cars.

We need a hub to meet and interact with other locals in the village.

When we were renovating our house, this Pub was our lifeline. We could walk there, and be guaranteed our one hot meal of the day. WE also met people there who helped us establishing our lives here. To see it go is a crying shame . It is also so handy for travellers going to the West country to come off the bypass and there is excellent car parking facilities too.

Please think of the life of a village and keep the THree Horseshoes in Burbage as a much much needed PUB.

Yours truly
Catriona CHristie
Resident of Burbage
