

	<b>18/04678/FUL</b>
	<p>I must agree with the letters of objection put in on this site.</p> <p>The facts on the application are incorrect date closed,number of landlords in the past years and possibly the number of barrels used in year(size of barrels used in calculation known).</p> <p>As a regular to the put for over 40years I have seen no investment by wadworth but all the land around sold off for building.</p> <p>The last pub in the village to close was the new inn/bullfinch again a wadworth pub. Wadworth policy being to close local pubs and move to town. Not what was indicated by the seo on nation tv in the presents of a member of the royal family.</p> <p>Wiltshire CC why is it a requirment to support/build new infrastructure when new a development is built due to the increase in local population but on the other hand so easy to take it away from a expanding village.</p>
