

	18/04678/FUL
	<p>The way in which the pub has been sold and closed down behind closed doors with no opportunity given for private investors to take it on and inject some much needed investment to bring it up to the standard of other successful and privately owned pubs in the area.</p> <p>There is no reason I can see that under good management this could not be a viable well attended village pub and it should at least be given a fair chance for this to happen.</p> <p>A village the size of Burbage with such a vibrant and active community could easily support such a venture.</p>
