	<p>I wish to object to the application to convert the Three Horse Shoes into a dwelling house. This was once a bustling establishment but suffered from poor management and little investment which drove the clients, like myself, away. In the correct hands and with modest investment the pub could once again thrive. I would ask that the owners be told to put the pub for sale on the open market for a year to allow any interested parties to acquire and reopen the pub.</p>
