Dear James

I refer to the above planning application.

The proposed dwelling will be served via an existing private access that currently serves 63-65 Martins Road.

I acknowledge that the driveway is single width and the visibility at the access point is slightly substandard; however, given the nature of Martins Road, traffic volume and speeds, the proposed additional dwelling will not have a significant adverse effect on the highway and therefore it would be difficult to substantiate a refusal reason.

Therefore, in view of the above, no highway objection is raised.

Regards
