

Re 18/07717|FUL

Dear Mr Taylor

Mr Ziziros has copied me into his letter sent to you on 27th September re the above planning application. I am the Chairman of Keevil Parish Council, mentioned in the letter.

I am responding to the points made as an individual and not as Chairman of the Parish Council. I am not commenting on the application or Council decision. Bullet Point 7. Mr Ziziros telephoned me to ask if I could meet him at the site one Thursday afternoon – I did so. I did not ask him to show me round one of the renovated cottages, he invited me. I did comment favourably on the renovation work that has been carried out.

Bullet Point 8. When Mr Ziziros showed me the site for the above application, I made it quite clear that I could not speak for the Council, as I am only one member. I did say that I could not foresee many objections as the new dwelling was in an existing building line but I was not aware at that time that the plans were for such a large house.

At the Keevil Parish Council planning meeting to discuss the application, it was decided to object to the application for the reasons given in our response. When I spoke to Mr Ziziros on the telephone shortly after the meeting, the minutes had not been written, published or agreed so I did not feel able to comment in detail. I am not sure that Mr Ziziros understands that the Parish Council can only comment and that we do not have any say in the final decision.

Thank you.

Yours sincerely
Ginny Sherman
