Application No:	18/07717/FUL
Comments:	<p>Our concerns are the parking, there is already insufficient parking for the 3 cottages in front of the site for this Chalet Bungalow. This additional large bungalow with a small turning space is likely to need additional parking in Martins Road.</p> <p>Additional concerns is the fact that the Planning Application is for a Chalet bungalow, the roof of which can be seen from Martins Road. This will detract from the thatched and beamed listed buildings to the front of it.</p>
