

FAO James Taylor, planning officer Wiltshire Council.

Dear Mr Taylor

Please would you advise why Historic England has not been asked to comment on the above application. I note that the application is in close proximity to at least 3 Grade 2 listed properties and that it also lies within the Conservation Area.

At the end of last year there was another Keevil Village planning application 17/12491/FUL at Church Farm which is also near other listed properties(one of which is my property) and is also within the same Conservation Area where Historic England was consulted. Is there a particular reason why they have been treated differently?

Regards Gerry Vaughan
