Application No:	18/08304/FUL
Comments:	<p>To whom it concerns.</p> <p>I Object in the strongest possible terms to this application.</p> <p>This is a second attempt to achieve planning permission in a totally unsuitable place with little or no regard to the impact on existing home owners and tenants.</p> <p>An application similar to one which you have previously assessed and rejected.</p> <p>Firstly, and most pertinent .</p> <p>As shown on the plan.</p> <p>The extended car parking area which is to be removed by this application, Adjacent to the garages. (Space for 8 well parked cars) Was a requirement of the planning permission being granted when Riverbourne Rd was built in 2007.</p> <p>The Riverbourne Rd development could not provide the parking requirements for the number of houses wanting to be built.</p> <p>A compromise reached was the building the above mentioned car parking spaces. (You know, the ones they want to now remove????)</p> <p>It would therefore boggle the mind to think for even a minute that this new application could possibly be approved</p> <p>I shall continue.</p> <p>I'm sure you will still have on record the photographic evidence submitted from the previous application for this site, showing how congested Saxon rise already is.</p> <p>Removing the garages, which mostly have cars and motorcycles parked within and the 8 spaces previously mentioned and the further spaces 5 in front of the garages, results instantly in 20 vehicles with nowhere to park, simply nowhere.</p> <p>Although not as relevant I would also like to add that I personally pay rent on two of these garages, and they have been rented by the Same family since they were built.</p> <p>You can imagine the familys feeling of being told your rental payments since 1978 amount to no loyalty for the customer.</p> <p>So may I please reiterate,</p> <p>These plans are totally abhorrent and totally unworkable for all who live here.</p> <p>A brief site inspection and a chat with the neighbours here would i'm sure make you realise the only option for this application is rejection.</p> <p>Kindest regards.</p>
