Application No:	18/08304/FUL
Comments:	<p>Dear Sir / Madam</p> <p>I am writing in response to the above planning application. I wish to express my deep concerns for the proposal to build new properties in saxon rise and a further new development on the rear no 7 west farm close which its entrance will have to go through parking spaces valuable to the residents of saxon rise. We currently have severe parking problems, building new properties is only going to exacerbate this, I cannot understand how more properties/ cars and less parking can be tolerated in this area. One solution would be to give residents of saxon rise designated parking spaces, as all the new builds in riverbourne road have been given their own spaces, Until a parking solution is agreed upon I have no other option than to object to this planning application. I trust my views will be taken into account and look forward to your proposals for a new parking regime in saxon rise.</p>
