Application No:	18/08304/FUL
Comments:	<p>I object to this application being approved due to the following:</p> <p>By removing garages and parking to build it will make the living area that is already heavily congested with cars a nightmare area to live and ultimately unsafe for all in Saxon Rise And Riverbourne Road. There is no spare parking as it is so removing the overflow parking area seems crazy.</p> <p>The children will end up playing in a unsafe environment as the park area will be surrounded by cars and the new dwellings.</p>
