| Comments: | <p>As a horse owner and rider living in Shrewton I am concerned at the potential loss of my main riding area on Salisbury Plain. The proposal is for a considerable period of time and I feel that one of the reasons for submitting such a comprehensive application is to prevent close scrutiny of the details. Having looked at comments from others I agree with all the conditions raised by Shrewton Parish Council and share the concern on the impact on wildlife in the area.</p> |
